ATTENTION, VOTERS!

SAVE YOUR RECORDS!

To the Voters of Garrard County:

At the general election of 1906, the voters of the County, very unthoughtfully, as we believe, defeated a proposition, then submitted to them, to appropriate money for the purpose of improving and repairing the Court House. They are now asked to vote, for that purpose, an appropriation of \$7,500.00, to raise which, bonds must be issued, the payment of which will be easy, and without any increase of taxation. This will not be an appropriation by the Fiscal Court, but one directly by the people.

Notices of this election are kept standing in our County paper, and posted in many places in the County. But as such matters generally attract very little attention of those who are vitally interested, we have come to the conclusion that it is a serious duty, incumbent on us, as custodians of the County records, as attorneys, and as business men generally—all deeply interested in the preservation of our County records—to issue this address, believing that if the people will give the matter only brief consideration, they will vote and urge others to vote for the appropriation.

The Court House is much out of repair, and is in such condition as to endanger the records therein at all times. The destruction of the building by fire, would inevitably entail the loss of all our valuable records. The vaults are unsafe and damp, and they are badly lighted; they are over-crowded and so located as to render impossible the removal of the records during a fire. They are frail structures, and a fire would destroy them beyond doubt.

Every owner of real estate, and every person who has had, or now has, litigation in our Courts, will, upon very slight reflection see that he is vitally interested in voting, and urging others to vote, for this bond issue. The County Clerk's vault is crowded, and over-crowded, with records, the preservation of which is vital to the interests, the peace of mind and the happiness of the people at large. Records of deeds, mortgages, bonds of administrators, executors, guardians, in fact all fiduciaries, and all bonds of every character, records of marriages, tax lists, settlements of trusts and decedent's estates and the records of same on the books of the office, as well as all the records of litigation in the Circuit Court, running back a hundred years, may all be lost in one night by the careless handling of a match; and constant damage is being inflicted by depredations of mice, and the mildewing of our records.

The loss of the Court House could be repaired, but that of our records would not only be a present calamity, but it would be irreparable for all time. Business men with fire proof safes would not suffer like those less fortunately situated.

A gentleman who has suffered by the destruction of a Court House and its contents, who owned thousands of dollars worth of realty in many different parcels in the County, thus rendered thoroughly competent to speak, estimates that the destruction of our records would depreciate the value of realty in the County more than 25 per cent. This is clearly evident on first thought. Every prudent purchaser of real estate, requires an abstract, showing a clear, unencumbered, fee simple title, covering a period of from fifteen to thirty years or more. Any abstract in the calamity supposed would necessarily stop short at the deed in hand—the immediate conveyance to the holder—and many or most of these are lost, mislaid or left in the Clerk's office, and land purchasers would very naturally pass us by and invest in other Counties.

The Court Room is inconveniently arranged for the transaction of business, and is uncomfortable at all seasons, over hot in summer and impossible of comfortable heating at other times when in use.

The Court House belongs to the whole people—it is yours—and you have a right to be perfectly comfortable while in Court as Jurors, as litigants or as spectators interested in the conduct of the business of the County generally.

We repeat that this reasonable appropriation requires no increase in taxation, and that you, the people, either vote it or reject it.

Very respectfully yours,

CENTRAL RECORD

ISSUED WEEKLY. \$1.00 A YEAR.

LOUIS LANDRAM, Edr.-Pubr.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Member Ky. Press Association.

Lancaster, Ky., November 1, 1907.

As if the better compensation that takes women teachers into other callings were not giving school superintendents enough trouble, more teachers are getting married than ever before. There is more than one way of getting even with the school authorities.

A saurkraut trust has been formed, but every man with a cabbage patch can tell that monopoly to go to. He can make his own kraut. As well try to start a trust on spring onions.

Local Happenings

The Ladies of the Presbyterian church are going to have a bazaar the first Saturday in December.

Remember the excellent entertainment under the supervision of the WCTU at the court house on Thursday night, Nov. 7, at 8 o'clock. 2t

The Aerial Quartette assisted by Prof. Reinz a "Reader" will give an entertainment at Methodist church, Friday night, Nov. 22nd, 8 p.m.

Real Estate.

Hughes & Swinebroad report the sale of T. B. Walker's handsome residence and 14 acres, on Danville pike, to J. S. Johnson Sr. for \$5,000.

Court Day.

A big crowd was in town Monday and business was unusually good. The merchants say they had the best day in many months. Stock was as high as a cat's back and very few sales were made.

Notice.

Notice is hereby given that I will make application to the proper authorities for a parole for Henry Redick, sent to the penitentiary from Garrard county some years since. This Oct. 24, 1907 Jas I Hamilton.

A Card of Thanks.

The family requests The Record to extend their thanks to the many friends who did so many favors when Miss Mattie McCauley passed away. She was well-known and beloved by a wide circle of acquaintances and will be greatly missed in the community. She was a member of the Christian church. Bro. Tindler conducted the funeral services.

Naylor-Hawkins.

Miss Susie Naylor and Mr. Wm. Hawkins, who were recently married at the home of the bride's parents, are two of Garrard county's most prominent and popular young people. The bride, who is a daughter of Mr. J. E. Naylor has been a great favorite among a legion of friends who wish her all success and happiness. The groom is a prosperous young man and has the best wishes of all who know him. The young people were married on the 15th.

C. E. at Beuna Vista.

The Christian Endeavor will hold a rally at Beuna Vista on Nov. 9th, (Saturday.) The Garrard C. E. Union meets the Burgin Society there for an all day meeting, beginning at ten o'clock. An interesting program has been arranged. Let every Endeavorer and every friend of the Christian Endeavor attend these union meetings. Lunch will be served in the school house near church. Weather need keep no one away.

Foot Ball.

The Graded School team will play a game of foot ball with the Stanford boys tomorrow (Friday) afternoon, at 2:30 o'clock, on the school grounds. The local team has been greatly strengthened, and a hot contest is promised. The students at the school are devoting much attention to athletics this term, and the people should encourage them. They propose to have several good games of foot ball this fall, and some interesting games of base ball next spring. To prepare for this, they will, of course, be at expense, and the people should lend them a helping hand by attending the games.

Prominent Men Speak.

Senator James B. McCreary and Hon. Jerry Sullivan, of Richmond, addressed a large crowd at the court house Monday afternoon. Senator McCreary, who is a great favorite with Garrard county people, was given an ovation when he rose to speak. He has a great many warm friends in this county who are for him teeth and toe-nail for anything he wants, many republicans being among that number. Mr. Sullivan made a speech which will prove of great benefit to the Democratic ticket in this county. He is a good speaker and one of the biggest-hearted, cleverest gentlemen in Kentucky.

A Final Word.

As this is the last issue of The Record before the election, we beg to say a final word to the voters of Garrard county, in regard to the bond issue toward repairing the court house. Every deed, mortgage and valuable paper in the county is lodged in the two, old, dilapidated vaults in that old, out of date, unsafe building. If the proposition carries it will not increase taxation one copper. We wish to impress upon the people the fact that the voting of these bonds will not increase the present rate of taxation. If you want your deeds preserved and the records of the county kept in a safe place vote "YES" on the lower right hand side of the ballot.

Lackey.

After a lingering illness, Mrs. John Lackey died at her home at McCreary Friday. She was in her 78th year, and had been blessed with good health most all her life. Mrs. Lackey was a Miss Beaumont before marriage, and came from one of the oldest and best-known families in the county. She was known and greatly beloved by a wide circle of friends, and will be greatly missed in the community where she resided. She leaves her husband and the following children: Mrs. J. E. Naylor, Mrs. Mary Guiley, Mrs. Isabelle Anderson, Mrs. Lizzie Bradburn and Mr. Will Lackey. Funeral services were conducted by Eld F. M. Tindler, pastor of the Christian church, of which she was a devoted member, and the burial took place at the Lancaster Cemetery Saturday about noon.

A Serial.

To the voters of Garrard County: It is having been reported that I said only trash and flatters voted for Mr. John Bogie, in the late primary, I take this method to deny the report as false, untrue and unreasonable. I have many warm personal friends who supported Mr. Bogie, and many of our best citizens perferred him in the Primary. Such a remark would weaken my chances for election and it is, therefore, not reasonable to suppose that I would say it, beside the fact that it is absolutely false.

Very Respectfully,
G. T. Farris.

Splendid Entertainment.

The entertainment given at the Presbyterian church, last Monday evening by Miss Nannie Barbee was a rare treat. The audience, from first to last was delighted with Miss Barbee's impersonations of "The Ole Time Nigger," "The Poor White Trash" and "The New England Villager." Her manner is easy, graceful and dignified. She knows the negro so thoroughly and understands his feeling so well that she enters into her role with a naturalness that surpasses criticism and calls forth the loudest praise and admiration. So perfect are her impersonations that, at times, one almost forgets that Miss Barbee is of a different race herself. Every where she goes she is greatly appreciated, but she can be appreciated to the fullest only by those who have known and grown up with the old time negroes. We hope Miss Barbee will favor us with another entertainment in the near future.

Great Attraction.

The Harmony Concert Company, of Indianapolis, will appear at the court house, on Thursday, Nov. 7, at 8 p. m., under the auspices of the WCTU being the second number in the course. The ladies have sold about a 100 season tickets at \$1.50. Reserve seats are on sale at 50cts. General admission 35 and children 25 cts. The press speaks highly of the coming attraction, a Pennsylvania paper having the following:—"The fourth number in the lecture course for this season was a marked success, as was evident by the encores demanded by the audience for each of the twelve numbers on the program of the Harmony Concert Company. These ladies render an evening's entertainment in which the voice, flute, viola and piano are used to advantage in solos, duets and quartets, presenting such variety of numbers that each is awaited with a new interest; and the personnel of the company represents a standard of efficiency that permits an entertainment of merit."

A Big Law Suit.

The will of the late W. T. Gillispie, who resided near Paint Lick, in this county, was offered for probate in the Garrard County Court, before County Judge A. D. Ford on Monday. The heirs of the testator, among whom were Judge Wm. Reid, of Lincoln county, Missouri, who is a first cousin, Mrs. Bettie Roberts, of Wichita, Kansas, a first cousin, Mrs. Daisy Detheridge, of Richmond, Ky., a second cousin appeared through their attorneys, J. E. Robinson and J. T. Cobb, of Richmond, and objected to the probate of the will by the County Court, on the ground of the undue influence brought to bear on the testator at the time the will was made, and the mental incapacity of Mr. Gillispie at the same time rendered by reason of his extreme age and delicate and declining health. It is said that Mr. Gillispie was eighty four years of age at the time the will was made and that he had been paralyzed to the extent that he had been unable to walk for more than six months prior to the will and had been confined to his bed almost constantly during that time. In the will Mr. Gillispie gave most of his estate to the Saint Joseph Infirmary, of Louisville, Ky., which institution is owned and operated by the Roman Catholic church. This devise to this institution was quite a surprise to the acquaintances of the testator, who knew that Mr. Gillispie and his wife, who died about six months ago, were attendants of a protestant church in the neighborhood, where they resided. From the legal talent representing the respective sides in this case, and the large estate which is estimated at about \$70,000 gives promise of being one of the most interesting suits had in the Courts of Garrard County in many years. The case was set for trial before the County Court for November 14th, 1907.

He Fought at Gettysburg.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." The ominous day, hacking cough, quit before the first bottle was used, and two more bottles made a complete cure." ONE LANGUAGE FOR ALL.

It Requires More Than One Tongue for the World's Speech.

No living language can become today the vehicle of intercourse for the whole civilized world, and it is absurd to look for such a thing, says McClure's. The acceptance of any language, were it English or French or Spanish, German or Dutch, Russian or Japanese, would immediately not only crush the pride of the other nations but would give to the favored people such an enormous advantage in the control of the political world and such immeasurable preference in the world's market that no healthy nation would consent to it before its downfall.

For that reason . . . the chances were never worse; the spirit of strenuous, yet friendly rivalry between the nations in the markets of the world was never more wide awake, and the feeling of national honor was never purer and nobler. The more the hopes for international arbitration become realized, the more all nations of the world become sincere friends; the more they are eager and ought to be eager to keep clear their own individuality, together with their own rights and duties, their own successes and responsibilities. Andrew Carnegie's liberality may build a palace in The Hague in which a concert of the most enlightened nations speaks justice through its tribunal. But Andrew Carnegie has not the power to elevate his simplified spelling board in Madison avenue to the height of a tribunal far superior to any Hague court; a tribunal which shall decide that English ought to become the one international language because the English-speaking nations have "the most progressive civilization."

MEANINGS OF WORD CALIBER.

Either the Diameter of a Gun or its Length Divided by Diameter.

There is surely no word in the nomenclature of guns, big and little, which has caused, and is causing, so much confusion in the lay mind as the word caliber.

The confusion arises chiefly from the use of the term in an adjectival sense to indicate length, as when we say a 50-caliber, 6-inch gun. The word caliber as applied to artillery signifies essentially and at all times the diameter of the bore of a gun. A gun, then, of six-inch caliber is a gun whose bore is just six inches. For convenience, and because the power of a gun, when once its bore has been decided upon, depends so greatly upon its length, artillerymen are in the habit of defining the length of the gun in terms of the caliber.

The six-inch rapid-fire gun, as mounted on the latest ships of the navy, is a trifle under 25 feet in length, and is, therefore, known as a 50-caliber gun. In the case of small arms, the caliber is expressed in hundredths of an inch, as when we say a 22-caliber or 32-caliber pistol, meaning that the bore is .22 or .32 of an inch in diameter.—Scientific American.

Calling on the "Off" Night.

The moon hung low upon the western sky.

"Ah," mused the young man in the shadows of the old porch, "it is not my regular night for calling on Evangeline, but I'll just surprise her. I know she is in the hammock because I just heard her cough. I'll just creep up and hug and kiss her in the dark." He tiptoed in the direction of the hammock. It was as dark as Egypt. Suddenly he extended his arms, embraced and kissed the form in front of him. But instead of the soft, fair cheek of Evangeline it was a coarse cheek of bristles.

"Robbers!" shouted a basso voice, intermingled with feminine screams. "Housebreakers!" "Porch climbers!" Far down the road a breathless young man halted to rest.

"Great Jupiter!" he gasped. "Instead of kissing Evangeline I must have kissed the other fellow."

Bill Nye's "Red State."

William Lightfoot Visscher of the Sam Houston company told some interesting stories of Bill Nye, of whom he was an intimate friend, at the Piedras club Sunday night, says the New York Press. "I was on Lookout Mountain with Bill at one time," he said, "gazing over the various states the guide declared could be seen from there. 'This,' said the guide, 'is Kentucky. There is Tennessee, and over yonder, if you look good, you can see North Carolina.' 'What?' interrupted Nye: 'North Carolina? Why, man, that can't be North Carolina. That state is purple and North Carolina is pink.' He took a small map from his pocket and pointed out North Carolina, which sure enough was printed pink. 'It has faded a little,' Nye added; 'I used to be red—the color Visscher and I painted it.'"

Tip in Advance.

A gentleman, who was in the habit of dining regularly at a certain restaurant, said to the dapper waiter: "Erastus, instead of tipping you every day, I'm going to give you your tip in a lump sum at the end of the month." "Dat's all right, sah," replied the darky; "but I wondah if you would mind payin' me in advance?" "Well, it's rather a strange request," remarked the patron. "However, here's a five-dollar bill for you. I suppose you are in want of the money, or is it that you distrust me?" "Oh, no, sah," smiled Rastus, slipping the bill in his pocket, "only I see leavin' 'yer to-day, sah."—People's Home Journal.

Many pretty affairs are being given in honor of Miss Cora Ward, whose marriage to Mr Lewis West, of Washington, D.C., will take place the 6th of November. Misses Martha and Helen Gill gave a handkerchief shower Friday afternoon which was a beautiful affair. Misses Gill, Mrs Larry D Jones, of Monticello, Mrs J M Farra, Mrs Emma Higginbotham, Mrs C M Ballou and Miss Cora Ward received the guests. The color scheme used in the decorations was pink and white, the flowers being pink and white chrysanthemums. In the center of the table was a gold vase filled with white chrysanthemums, gold candelabras held white candles with pink shades, pretty cut glass dishes were filled with pink and white confections. Delicious ices and cakes were served.

The finest Coffee Substitute ever made, has recently been produced by Dr Shoop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest Coffee Imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for Coffee. Gill, Walker & Simpson.

Miss Amanda Anderson accompanied by Masters Julian Anderson and Lucien Grant attended the Teacher's Association at Cartersville. They report an enthusiastic meeting, an interesting programme, hearty co-operation of parents and teachers and a splendid dinner.

Wichita (Texas) Times Daily:—Thursday, October 17th, at her hospitable home on Tenth street, Miss Lottie Orth gave a most enjoyable six-course luncheon in honor of Miss Jessie Doty of Kentucky. The color scheme was yellow and white, in which chrysanthemums played an important part. The same flower, hand-painted, marked the places of the guests, and the menu was all that an epicure might desire. Those present were Misses Flora and Mary Anderson, Brooks, Doty, Greenwood and Walker and Messrs T T and W H Felder, Walker, Freeman, Colgan, Fridy and Darnell.

Richmond Register:—The wedding of Miss Helen B Terrill, of this county, and Mr W O Mays, of Garrard, was celebrated Wednesday at high noon at the home of the bride on the Big Hill pike. A large number of friends and relatives were present to witness the interesting event, and the ceremony was performed by the Rev Mr McKisick. The bride is the eldest daughter of the late Daniel Terrill, and is a most attractive and charming young lady. She is very popular among a wide circle of friends, who regret to see her leave the county. Mr Mays is an excellent and prosperous young farmer residing near Paint Lick, and is to be congratulated upon securing so win some a bride. Immediately after the wedding they left on an extended tour after which they will be at home to their friends in Garrard. The wedding presents were unusually numerous and costly.

Mr G B Rose has begun work on his handsome residence which he will build on his farm at Camp Dick Robinson. This will be quite an improvement to our vicinity.

Mrs Colby T Jenkins and children, of Georgetown, visited Mr C M Jenkins and family last week. The many friends of Mrs Jenkins were delighted to see her, as she formerly lived here and was quite a favorite with every one.

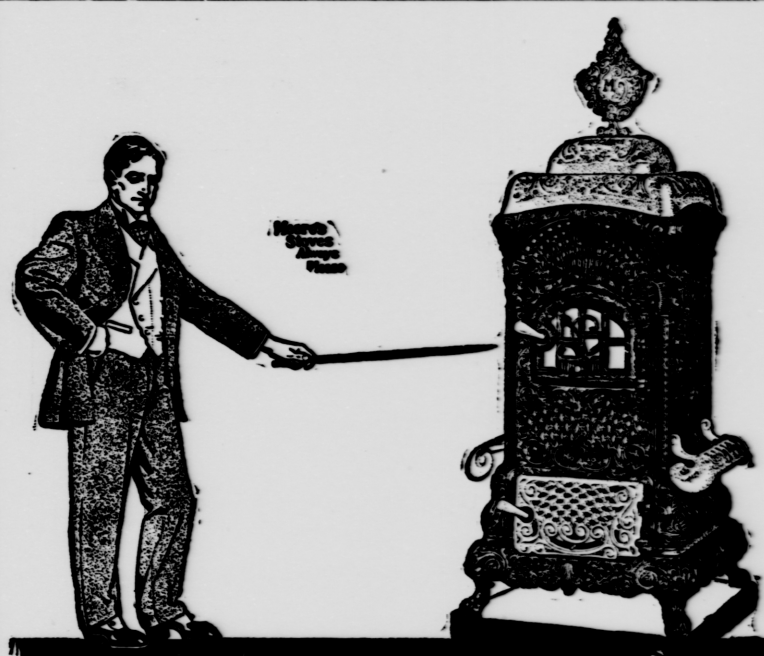

Miss Mattie Borer and Mr John Johnson, of Livingston, drove to Danville last Tuesday morning and were married at the home of Rev H C Garrison. After the ceremony the happy couple left for Louisville where they spent several days and on returning went to Livingston where they will reside. Mrs Johnson is the daughter of Mrs Josephine Borer and was one of our our loveliest girls. Her beauty never showed to a better advantage than on her wedding day when she looked lovely in her wedding gown of brown cloth, with hat, gloves and shoes to match. Mr and Mrs Johnson have the best wishes of the entire community for a long and happy life and we hope it will be as bright as the beautiful October day on which they were made "one" at the "Hymeneal" altar.

THE Whitaker Automatic Gate.

Patented August 22, 1905

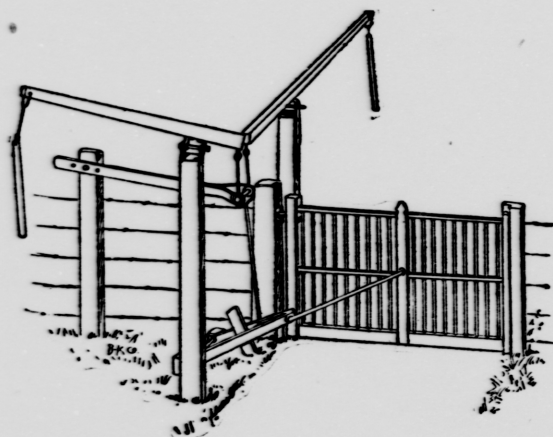

BY

NATHANIEL WHITAKER

of Richmond, Madison County, Kentucky.

Why the Whitaker Gate is the best.

- 1st it is made of first class material.
- 2nd, it is stock proof.
- 3rd, it has no dead center and will not stop half open when others give trouble.
- 4th, it has no latch to get out of order.
- 5th, it is a perfect lock when closed.
- 6th, it has less lever motion than any other Gate.
- 7th, it will work on any kind of Ground in a curved road and to any kind of post.
- 8th, it is easier to operate than any other.
- 9th, because every one that sees it says so.

Read what a few men of the county have to say who are using this gate.

I have one of the Whitaker Automatic Gates that I have used for about seven months, it has not been out of repair in the least, and has not given me one moment's trouble so far, and can't see how it will. I like it splendid.

Respectfully, J. C. Rucker.

After using one of the Whitaker Automatic Gates, can say that it gives perfect satisfaction. I consider it the best gate I have ever seen. Would not do without mine for double the cost of it. Yours truly,

J. B. Woods.

Paint Lick, Ky.

I have owned one of the Whitaker Automatic Gates for some time. I have given perfect satisfaction and swings so nicely and works so easy that any child can operate it. My little four year old boy has no trouble in using this gate.

Very respectfully, S. D. Cochran.

Buckeye, Ky.

I was the first in this county to purchase one of these gates. I am well pleased with it and would not do without it one year for the cost of the gate. I advise every one that needs a good gate to buy one, they are all right.

PASSING OF THE DESERTS.

Waste Territories Rapidly Being Explored, Mapped and Described.

Before long there will be left but few regions of mystery in which imagination can travel. The great deserts are being explored, mapped and described. The "Great American Desert" has disappeared from the geography books, and the French are rapidly opening up the Sahara. For several years past they have sent exploring expeditions into it which have worked respectively with Algeria and the Niger as bases. In the course of last summer a camel corps, commanded by Col. Laperrine, after great hardships penetrated to the salt mines of Taoudeni, "where they found meagre work quarrying the salt, which is spread all over the regions of Algeria as a marketable product." This salt region ought to furnish a good deal of freight to the Sahara railroad system which the French expect to piece together connecting Algeria with the Niger. The rail head of the line southward from Oran is now at Figeat, at no great distance from the Oasis of Tivat. From Tivat to Timbuktu is about 700 miles, and this is the great work for which the French are surveying. The entire system from Algiers to Timbuktu will have a length of 1,000 miles. When it is opened it will be an easy journey from Paris to Timbuktu. The latter city was long one of the world's mystery places, the first European to visit it getting there, in disguise, in 1826. Twelve years later a dashing French commander in a light-draught, gunboat appeared off Timbuktu and the veil of mystery was rent forever. Now the "sacred city" is but a French colonial administrative center—Boston Transcript.

HARVEST THE YEAR ROUND.

Fruits of the Earth are Being Garnered Continually.

"Our Thanksgiving celebrates the garnering of the harvest," said a clergyman, "and a fine poetic festival it is. But did it ever occur to you how various are the harvest times of the different nations of the world?" "January is the harvest month of the Chileans, of the Australians, the Argentine folks and the New Zealanders." "February is the harvest of India—February and a part of March." "The Egyptians, the Persians and the Syrians harvest in April, while the Chinese, the Japanese, the Moroccans and the Algerians harvest in May." "The Spanish, Greek and Italian harvest time is June; the Russian and Austrian is July; the English, German, Dutch and Canadian is August; the Scandinavian, Scottish and Welsh is September, while the northwestern-most part of Russia, Norway and Sweden do not gather their harvest until October."

As to Uses of Soap.

Can soap be done without? According to a member of the English public, it is quite an unnecessary article, and man may be kept clean with plain water. Nations have risen to greatness without soap. Ancient Rome, our old familiar companion, Rome, knew nothing of soap until she came in contact with the Germans and the Gauls, who used it to brighten the color of the hair. Once or twice soap is mentioned in the Old Testament, but it doesn't mean the oily substance that it is today. Painful as it is for Americans who have lived in England to admit, it would be better for general comfort if more soap was used there. Thus, instead of advancing its cost, let it be lessened and so place the cleansing article within the reach of all. But the new soap combine doesn't view the situation in that light precisely. It takes the cake and the public pays.

Makes Celluloid Fireproof.

M. Gervain, a French chemist, has patented a process for rendering the deadly celluloid hair brush and comb safe from explosion when it comes accidentally in contact with the gas flame by the dresser. According to a consular report, this result is obtained by adding to a celluloid mass in course of preparation, just at the moment when it is most liquid, a certain quantity of saltpetre, phosphates, bicarbonate of ammonia, or magnesia. Celluloid, thus prepared, when touched by fire or a flame, gives out a gas that checks combustion. In fact, immersion of articles made of celluloid in solutions of any of these salts reduces its inflammability.

Oregon Game Wardens Wax Fat.

The only man in the country who can have all the game he can eat in open or closed season is the game warden. When the season is closed and while he is snooping around, if he happens to run across a milk can full of China peasants they are his meat. If he is industrious and catches a boy coming home with a Chinaman in his pocket, but no hunter's license alongside of it, he has fried peasant for his next meal, while the poor boy pays the freight. Now, if you see a fellow looking cheerful and fat, that's the game warden.—Jefferson Review.

No Poetry in His Business.

"Does it not throw a shade of bitterness into your heart," said the poetic youth, "to see the trees all leafless and to hear the wind sighing in mournful monotony? Does it not make you feel that there is too much that is bleak in the world?" "No," answered the practical youth, "it does not."

"Why?"

"Because my father is in the coal business."—Stray Stories.

More Girls Than Boys.

The rural village of Topesfield in North Essex, England, has become prominent on account of a remarkable phenomenon in the births recorded there.

During the last decade the great preponderance of girls born in the parish over boys has been noticed, and at the present moment the scholars attending the village school comprise 92 girls, but only 11 boys. In consequence of this the county education authority is contemplating the substitution of a schoolmistress for the present schoolmaster.

But among those belonging to the place the present state of affairs has aroused considerable concern, and the question is being asked where the farm laborers of the future are to come from if matters do not change. The medical officer for the district has been consulted, but he can describe no cause for the greater number of girls.

Kentucky's Good Old Corn Bread.

Land of the luscious, indescribable and ever conquering corn bread: Kentucky, we hail thee! Other states have their own bread, but no corn bread on earth ever reaches the right spot in the hungry man's make-up like that of old Kentucky. Corn bread is the Kentucky housewife's monument. See the genuine corn bread anywhere, or even the imitation, and the mind must instinctively go back to old Kentucky, with all its treasures and traditions of corn bread making.

This, verily, is "a land of corn and wine; a land of bread and vineyards." See the Kentucky household gathered about hospitable tables to realize the truth of Victor Hugo's "Oh, the love of a mother, love no one forgets; miraculous bread which God distributes and multiplies; bread always spread by the paternal hearth, whereat each has his portion, and all have it entire."—Louisville Herald.

During the last decade the great preponderance of girls born in the parish over boys has been noticed, and at the present moment the scholars attending the village school comprise 92 girls, but only 11 boys. In consequence of this the county education authority is contemplating the substitution of a schoolmistress for the present schoolmaster.

But among those belonging to the place the present state of affairs has aroused considerable concern, and the question is being asked where the farm laborers of the future are to come from if matters do not change. The medical officer for the district has been consulted, but he can describe no cause for the greater number of girls.

CHASED AWAY HIS INSOMNIA.

What Meal of Peanuts and Milk Did for One Victim.

A friend who had heard that I sometimes suffer from insomnia told me of a sure cure. "Eat a pint of peanuts and drink two or three glasses of milk
